Keli and I are year-round residents of Olde Beau and Alleghany County after having moved here in June of 2020. My goals as a board member are to: 1) make decisions that are in the best interest of our residents (whether full or part-time); 2) bring a planning/customer service outlook to everything we do; and 3) be an advocate for our facilities, services and all things Olde Beau. I thank each of you for this unique opportunity.
